Welcome LIR members to 2024! The New Year will bring a new semester of LIR classes, travel trips, and opportunities to participate in various clubs. Thanks to our curriculum, travel, and club committee members for all the effort it takes to help make LIR such a great learning organization! Sheila Scott (curriculum), Wendy Hansen (travel), and Sue Hilkemeyer (clubs) have provided the leadership to make all of these learning opportunities available for our membership.

Please plan to attend the annual membership meeting on January 24, 2024, at the Wardsville Lions Club Hall. Our Membership and Marketing Committee, led by Kay Martellaro, and our Hospitality Committee, led by Kay Freidinger, have planned another great opportunity for all of us to get together. We will also have an opportunity to view a plaque honoring LIR's founders and first board members. LIR current board members, John Gulick and Mentha Bolton-Bakari, led a committee to honor the individuals who started LIR.

We are welcoming Linda Amick as our newly-elected LIR board member. She will replace Bill Gerling, who has done a great job as a board member for the past six years. Also leaving the board as an ex-officio member is Past President Steve Buchholz. We are all indebted to Steve for serving three years as President and providing the leadership to get LIR through the problems related to COVID.

Our membership continues to recover from the COVID experience. Before COVID, we had approximately 420 members. Last year, at this time, we had around 320 members. Currently, we have about 370 members.

This is the final newsletter written as your current President. Cindy Stephens becomes President as of January 1, 2024, and Steve Newman becomes our Vice-President. Barb Maxwell, our current secretary, and Terry Rackers, our current treasurer will continue in their roles. What a wonderful team of officers!!

Thanks to all of our board members for their support this past year. I know everyone joins me in also thanking our great office leaders, Cheri Landers and Marla Buechter, for all of their hard work to make LIR a great organization! Also, thanks to Tom Piper for developing our fantastic website, and assisting presenters with their programs. Thanks also to Cecil Caulkins for developing our newsletters.

I appreciate the opportunity to have served as your President in 2023!

Sincerely, Chris Straub

Historical Plaques

LIR will soon have two plaques to honor our own history. One plaque will list members of the founding committee; the other will contain the names of the first board of directors (both in 1992). Seven of the 13 founding committee members went on to serve (with others) on the first board.

GILLIGAN'S ISLAND

Capital City Productions
Saturday, February 17

Just sit right back and you'll hear a tale... Join us for this nostalgic, comedic, musical adventure and its seven iconic castaways. *Gilligan's Island*, the musical production, is a hilarious, fun-filled, larger-than-life production that will appeal to all ages. Based on the American sitcom, the musical follows passengers of the SS Minnow as they attempt to be rescued or rescue themselves from the island where they were shipwrecked after their sightseeing boat was destroyed during a storm.

It's hard to believe that the series, produced by Sherwood Schwartz, aired from 1964 to 1967—only three short years. Like the musical, the iconic characters of Gilligan, the Skipper, the Professor, Ginger, and Mary Ann attempt to be rescued. Their efforts are continuously thwarted by Gilligan, the boat's first mate. According to the series' producer, the underlying concept was that of seven very different people forced to get along and cooperate with one other in order to survive. Character differences created many moments of hilarity for television viewers.

In the musical version, crew rescue attempts are thwarted, not just by Gilligan, but by quicksand, hurricanes...even aliens! Will the castaways finally be rescued? Join us for a fun-filled afternoon of theater and a catered dinner buffet in the Hawthorne Dining Room to find out!

TRUMAN, BINGHAM, and HAPPY TRAILS

Independence
Tuesday, March 19

This adventure takes us to the Harry S. Truman Presidential Library and Museum with a comfort stop along the way. Harry Truman was our 33rd President and a native Missourian from Independence. The library has been renovated since our last visit in 2018. Here is an opportunity to learn more about Truman during possibly one of the most crucial times in world history. You will be more aware of what Truman faced and the burden of his decisions. These decisions had long-term significance around the world and continue to affect our lives today. Harry's place in history is both praised and criticized.

Next, we head over to the Bingham-Waggoner Estate in downtown Independence to tour the former home of the famous artist George Caleb Bingham and, later, of the Waggoner family. After we tour the Bingham home and enjoy Bingham's renowned artistry, we will be served a catered meal on-site. The highlight of our meal is being treated to a performance by a Truman impersonator. This should be quite entertaining as Harry was known for being outspoken and colorful.

The next part of our adventure is to take a ride on a Missouri mule-drawn, covered wagon. Reminder: Bring a comfortable jacket appropriate for that day's March weather. We will ride through Independence Square, see three historic "westward ho" trails, the jail built by slaves that held Frank James, and many other historical sites. We will wrap up our day at the National Frontier Trails Museum, where we will learn about the rich history of the pioneers and their journey to the west via the trails out of Independence, including the Santa Fe, California, Oregon, and Mormon Trails.

Our trip to Independence will be a great way to welcome spring, learn more about history and enjoy some socializing with LIR friends after a Missouri winter!

On our way home, we will have a comfort/food stop. There will be time for you to pick up a bite to eat if you like.

LET'S GO TO MEXICO

Mexico, **Missouri** – that is!
Thursday, April 11

In its heyday, Mexico, Missouri, was a prosperous town known for being on the railroad, which included a huge livestock business, and was also renowned for its brick refractories. Its glory days have passed. However, some of its illustrious past remains. On this trip you have the opportunity to experience both its past and its present.

We begin our visit at 9:50 a.m. at the Audrain County Historical Society (Graceland Mansion). The museum collection is located in the nine-room mansion and contains displays that permit visitors to experience the rich history of the county. For example, the mansion was host to Colonel Ulysses S. Grant during the early days of the Civil War. In addition to seeing Graceland, we will be able to visit a church and one-room school located on the property.

At 11:30 a.m., we will arrive at Presser Hall Art Center for a tour. Presser Hall was originally part of the Hardin College Campus in Mexico. Founded in 1858, this was the first female seminary in the state of Missouri. Theodore Presser initially provided the funds for Presser Hall as a concert hall. He wanted to ensure that smaller communities had access to great performances, just like larger metropolitan communities. We will tour the 100-year-old hall and its backstage area, and we'll learn the building's history.

At 1:00 p.m., we will have lunch at the Missouri Military Academy (MMA) cafeteria, followed by a tour of the grounds. The Academy was established in 1889 to give boys the structure, responsibility, and love they needed to grow, compete, and thrive. MMA is a college-preparatory academy for grades 7-12 with core values of academic excellence, duty, honor, integrity, loyalty, respect, personal courage, selfless service, and leadership. We will walk through the Academy's beautiful grounds as we tour many of the buildings on the 200-acre campus.

Our final stop for the day will be Callaway Fields, LLC. Callaway Fields is a family-owned landscape nursery with a large selection of beautiful plants and shrubs available to enjoy or purchase, if you so choose. Our contact, John Graham, received early horticulture work experience at Disney World and could be the reason for their varied and beautiful inventory. Also, there are some quite unique outdoor decor items.

We will board the coach for Jefferson City at 4:30 p.m. and expect to arrive back in Jefferson City at approximately 5:30 p.m. We hope you will join us for a day in Mexico – Missouri, that is! SO, LET'S GO TO MEXICO!

MASTODONS, MURDER, AND MILE-HIGH PIE

Kimmswick and St. Louis Area
Tuesday-Wednesday, April 30-May 1

Intrigued by our title? We think you will be more than interested in this two-day, fun-filled trip.

An early morning start will find us at Grant's Farm shortly after the gates open. Grant's Farm celebrated its 120th anniversary in 2023. Our tour will begin with the Budweiser Clydesdale Close-Up Tour. We will see how they care for these magnificent horses, visit their stables, and get to know them. After our tour, you will have free time on your own to grab a bite to eat, feed the animals, and visit Grant's Cabin, the Deer Park, and the Bauernhof. There is a tram available to take you around the property if you wish. Don't forget to stop by the Anheuser-Busch Hospitality Center for your free beer. Please note: Grant's Farm is a cashless operation, accepting only debit and credit cards. You can convert cash to a no-cost VISA card on site.

Our next stop for the day is the Anheuser Estate and Home. The estate was gifted to Fred and Mable Ruth Anheuser in the 1940s. Fred was the last Anheuser to work at the brewery, retiring as Vice-President. Fred's great-grandfather, Eberhard Anheuser, was the founder of E. Anheuser Brewing Company. The estate was donated to the city of Kimmswick following Mable Ruth's death in 2000. The home, originally built in 1867, contains family and brewery artifacts as well as other memorabilia. The grounds feature splendid views of the river and its indigenous wildlife.

Following our tour of the estate, we will check into our overnight accommodations at the Arnold Drury Inn for a short rest before we are off to dinner. We have planned something very special for you as we head to Frontenac for a private performance at The Dinner Detective Murder Mystery Theater. We will be served a fantastic plated dinner before we enjoy the show by professionally trained actors. Oh, yes, and a few amateurs, because some of you will be chosen to participate. A full cash bar is available for you at your own cost. The show and meal are included in the price of the trip.

Continued on page 6

Day two begins with a tour of the museum at Mastodon State Historic Site. Learn about the extensive Pleistocene-age fossil deposits and see life-size replicas and displays, as well as view a short video explaining the site. From here we make our way to the Kimmswick Visitor Center to learn more about the area and get the lay of the land for the remainder of the day.

Lunch is at the Blue Owl Restaurant in Kimmswick. You will choose from a limited menu which includes (you choose three) salad, soup, quiche, sandwich or dessert. The Blue Owl is known for its “Mile-High Pie” which is a meal in itself. After lunch, we have several hours to explore Kimmswick. The downtown area is easily walkable and boasts 25 unique shops and restaurants. Not into shopping? Walk over and check out the El Camino Real marker designating the oldest road in Missouri that was built by the Spanish in the 1700s. Or see the 1874 Windsor Harbor Bridge which is the oldest wrought iron bridge in the state. Just want to sit and rest? Check out the La Chance Winery. There is something for everyone on this trip.

We will depart Kimmswick late afternoon and arrive home about 6:30 p.m. with our minds and tummies full from our adventure. The trip cost includes transportation, all admissions, the dinner theater, lunch at the Blue Owl, overnight accommodations, and all gratuities.

NATURE IN THE CITY

Exploring the Natural Side of Kansas City
Friday, May 24

Join us as we explore some beautiful areas in Kansas City—places where we find some unexpected examples of nature within a metropolitan area. This trip was planned for July 2023 but had to be cancelled due to extremely hot temperatures. We are hopeful the May date will work out better!

To begin our day, we will meet the coach for an early departure of 7:00 a.m., stopping for a comfort and food break at the McDonald’s in Knob Noster so you can grab a bite of breakfast if you wish.

Then, we head to the Missouri Department of Conservation’s Anita B. Gorman Discovery Center, which is situated on Troost Avenue just to the east of the Country Club Plaza in Kansas City. Our group will be divided in half with one group going on an outside guided tour of natural areas with short paved and natural trails through forest, woodland, wetland, and prairie habitats. The area has demonstration beds showcasing how native plants can be used for home landscaping. If the birds cooperate, we might even get to do some bird watching. The other group will get a brief introduction to the educational nature exhibits and rooms inside the building, and then create a simple craft item made with natural components such as leaf painting or making a rope from plant fibers. The Discovery Center staff will surprise us that day with the exact craft, depending on what materials are available. The groups will switch places after an hour so everyone will get to participate in both activities.

Next, we will pick up box lunches at Whole Foods (selection of menu to come later) and ride to the Jacob L. Loose Park where we’ll enjoy our box lunches in its covered pavilion. After lunch we will have time for a self-guided walk around the park. Loose Park is one of Kansas City’s most popular and historical parks. It is known as the site for the Civil War Battle of Westport, where Confederate forces were routed by Union forces in the area in which the park is now located. A short distance from the pavilion is the Laura Conyers Smith Rose Garden. Today there are about 3,000 roses of nearly 130 varieties. If you want to know more about any rose while visiting the garden, bring your phone to scan the QR code provided on each rose sign.

Our last venue is the Ewing and Muriel Kauffman Memorial Garden. Diverse plant beds feature local and exotic botanicals that change with the seasons. Pruned foliage and flower plantings are framed by stone walls and shaped around fountains and sculpture pieces by Tom Corbin. A tropical greenhouse is the major architectural feature on the garden lawn. Before we enter the garden, an assistant will board the coach to discuss general topics and will be available for any questions as we explore the garden on our own.

We will be outside most of the day, so dress accordingly and wear comfortable walking shoes, as this trip will entail a considerable amount of walking. We will depart for Jefferson City with another comfort stop at McDonald’s in Knob Noster and arrive in Jefferson City at approximately 6:45 p.m.

IN THE STEPS OF *TWAIN*

Hannibal

Wednesday-Thursday, June 5-6

Samuel Clemens, aka Mark Twain, was born and raised in the small Mississippi river town of Hannibal, MO. Every year, Twain's hometown welcomes hundreds of thousands who come to pay homage to this prolific author. We will join this group of fans on June 5-6 to learn more about the man and his hometown.

Once we arrive in Hannibal (comfort stop on the way), we will stop at the visitor's center to get information about the area. Then it's off to lunch at Fiddlestiks. After lunch, we'll head to Rockcliffe Mansion, the home of a former lumber baron, for a guided tour. This 13,500 square-foot mansion was built from 1898-1900 and housed John Cruikshank, Jr. and family until 1924. Next, we will venture into the downtown area to visit Mark Twain's boyhood home, the famous whitewashed fence, the town museum, and various other buildings that featured in Twain's life.

To really know Mark Twain, we also must spend some time looking at and discussing the muddy Mississippi River. First, we'll check into our hotel to freshen up because the evening will be spent on the Mark Twain Riverboat for a dinner cruise. This replica of the paddleboats that used to ply the Mississippi offers a bit of nostalgia for what Mark Twain must have seen.

On our second day in Hannibal, we'll have breakfast at the hotel, then board our coach to head for more adventures that remind us of Mark Twain. First, we will have a guided tour of the Mark Twain Cave. This cave opened for tours in 1886, one year after it was made famous by the publication of *The Adventures of Tom Sawyer*. We'll have the pleasure of visiting the Cave Hollow Winery on the grounds which opened only a few years ago. After visiting the gift shop and having lunch at the winery, we will get to hear Mark Twain's words from a present-day impersonator. This live presentation conveys all that we have read about the witty and sardonically humorous writer and person.

Tired but knowing Mark Twain a bit better, we will board our coach for the trip home with a comfort stop on the way. The

cost of this trip includes coach, hotel, meals, venues, and gratuities. Join us as we walk in the steps of Mark Twain and learn more about Hannibal.

SPRINGFIELD CARDINALS

Minor League Baseball

Wednesday, June 12

We've had quite a few requests to return to Hammons Field in Springfield, MO to attend a Springfield Cardinals baseball game. Your wish is our command!

There are very few day games scheduled, but we found something special in the spring called Educational Day, which just happens to fit our schedule. Learning in Retirement's main purpose is to advance our educational development, so it's a good match!

The Springfield Cardinals will be playing the NW Arkansas Naturals (a KC Royals affiliate) on a rare weekday DAY game (actually, it's a morning game) at 11:15 a.m. This makes it much easier to travel during the day and still get home before our bedtimes.

Accommodations at Hammons Field are great. We will be in the Champions Club (inside seating) with a furnished lunch/snack buffet with beverages (4) included. There is also seating outside the air-conditioned Club room (first base side of diamond), for those who prefer to be outside.

This has been a very popular day trip in the past, and we hope you will join us this year!

SQUABBLES

New Theatre, Overland Park, KS

Then all hell breaks out...family style.

To begin our journey, we will depart at 7:45 a.m. with a comfort stop at McDonald's in Knob Noster. We will arrive at the New Theatre in Overland Park at 11:15 a.m.

FOUR-WEEK COURSES

COLD WAR AFTERMATH — PROMISE OF A NEW WORLD ORDER

Time: 10:00 a.m. - 12 Noon

Dates: Wednesdays, March 6, 13, 20, 27, 2024

Place: The LINC, 1299 Lafayette Street, Room 204

The Cold War ended with the collapse of the Soviet Union and the dismantling of the Berlin Wall. Democracy and capitalism seemed to be on the rise, as socialism and communism declined. The New World Order stressed free trade and interdependence of nations upon each other. The United States led these efforts. However, the promises of a New World Order were stifled by events such as 9/11 and unsuccessful democratic rebellions in the Middle East.

MOVIES — MORE THAN THE 3 R'S

Time: 1:30 — 3:30 p.m.

Dates: Wednesdays, April 3, 10, 17, 24, 2024

Place: Missouri River Regional Library,
214 Adams Street, 2nd floor

These movies are about teachers who taught more than **Reading, Riting, and Rithmetic**, and made a difference in their students' lives.

April 3: The Marva Collins Story is a 1981 Hallmark Hall of Fame film about the life of African-American teacher Marva Collins. In this touching story, a dedicated teacher in an inner-city school in Chicago faces tough odds in helping inner-city

April 10: *Dead Poet's Society* is a 1989 coming-of-age drama starring Robin Williams and set in 1959 at the fictional elite boarding school Welton Academy. It tells the story of an English teacher who inspires his students through his teaching of poetry. Painfully shy Todd Anderson has been sent to the school where his popular older brother was valedictorian. His roommate, Neil Perry, although exceedingly bright and popular, is very much under the thumb of his overbearing father. The two, along with their other friends, meet Professor Keating, who tells them of the Dead Poets Society, and encourages them to go against the status quo. Each does so in his own way and is changed for life.

April 17: *Mr. Holland's Opus* is a 1995 drama film starring Richard Dreyfus in the title role of Glenn Holland, a dedicated high school music teacher who attempts to compose his own music while struggling to balance his job and life with his wife and profoundly deaf son. Dreyfuss was nominated for numerous awards, including the Academy Award for Best Actor. The film was nominated for the Golden Globe Award for Best Screenplay.

April 24: *Freedom Writer* is a 2007 film starring Hilary Swank. It is based on the 1999 book *The Freedom Writers Diary* by teacher Erin Gruwell and students who compiled the book out of real diary entries about their lives, written in their English class at a high school in Long Beach, California. Idealistic Erin is just starting her first teaching job at the high school, which two years earlier had implemented a voluntary integration program. In the view of many of the existing teachers, the integration ruined the school, whose previously stellar academic standing has been replaced with many students who will be lucky to graduate. Erin is unprepared for the nature of her classroom, whose students live by generations of strict moral codes of protecting their own at all cost.

Our session will cover this event in detail, what will likely be seen, and where the best places will be to see it. We'll also have time to take a look ahead to the important sky events of 2024, including a brilliant Super Moon. After the April eclipse, there won't be any other events of this type visible here for many, many decades to come, so a little preparation and planning will be very worthwhile.

Club News

Liverpool Rummy

We have a new card club called Liverpool Rummy. The game is played at Lincoln University's, Soldier's Hall on the first and third Tuesdays at 10 a.m. If you are interested in joining this club, contact the facilitator, Sue Barnes. You can reach her by email at suebarnes53@gmail.com or by phone at 573-291-3467.

Liverpool Rummy is played with a minimum of 3 players and a maximum of 8 players who play 7 rounds of rummy. The object of each round is to complete a specific set of melds, known as a contract. Melds come in the form of sets and sequences (runs). A set is three cards of the same value (example: 5-5-5). A sequence, or run, is four cards of the same suite and consecutive value (example: 10, J, Q, K). In each round, the contract will increase with difficulty.

Contracts by Rounds:

Round No.	Dealt Cards	Contract Requirement
1	10	Two Sets
2	10	One Set and One Sequence
3	10	Two Sequences
4	10	Three Sets
5	12	Two Sets and One Sequence
6	12	One Set and Two Sequences
7	12	Three Sequences (all cards in 3 Sequences must be laid down at once with that player going out)

Liverpool Rummy is scored by calculating the sum of the remaining cards in each player's hand after a player has won a round. When a player wins a round, that player's score for that round is zero. The player with the lowest score at the conclusion of all seven rounds wins the game.
